## WARRANT FOR TOWN MEETING

### STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Alton, in the county of Belknap, in said state, qualified to vote in town affairs:

You are hereby notified to meet at the town house in said Alton, on Tuesday, the tenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To see what sum of money the town will vote to raise and appropriate to pay all necessary charges of the town for the year ensuing.

Article 2. To see if the town will vote to raise and appropriate \$1,765.00, the amount of money necessary to secure federal aid for the permanent improvement of highways, agreeable to Chapter 93, Laws of 1915 and Chapter 162, Laws of 1917.

Article 3. To see if the town will vote to raise and appropriate \$2,100.00, the amount of money necessary to secure trunk line and state aid maintenance for the care of highways, agreeable to Chapter 133, Laws of 1911.

Article 4. To see if the town will vote to accept the provisions of Chapter 117, Laws of 1917, on a section of the Winnipesaukee and Suncook Valley Roads, so called, and appropriate or set aside from the amount raised for highway work the sum of \$1,200.00 for that purpose.

Article 5. To see if the town will vote to raise and appropriate the sum of \$2,000.00 for the construction of Spring street, as laid out by the selectmen.

Article 6. To see what sum of money the town will vote to raise and appropriate for the repair of highways and bridges for the year ensuing, in addition to that required to be raised by law.

Article 7. To see if the town will authorize the selectmen to borrow necessary moneys in anticipation of taxes.

Article 8. To see if the town will vote to raise the sum of five thousand dollars on long term notes payable at the discretion of the selectmen for the purpose of continuing with the sidewalk already constructed from Alton Bay to Alton and to appoint a committee or committees to lay out the same.

Article 9. To see what sum of money the town will vote to raise and appropriate for the decoration of soldiers' graves.

Article 10. To see what sum of money the town will vote to raise and appropriate for the maintenance of the public library, in addition to that required by law.

Article 11. To see if the town will vote to raise and appropriate the sum of \$400.00 to be expended under state supervision for the control of the white pine blister rust.

Article 12. To see what sum of money the town will vote to raise and appropriate to apply tarvia to School, Church and Factory streets.

Article 13. To see what sum of money the town will vote to raise and appropriate for aid to the Laconia hospital. (By request).

Article 14. To see if the town will vote to adopt Chapter 126, Laws of 1907, in regard to water works.

Article 15. To elect three water commissioners, one for three years, one for two years, and one for one year. And see if the town will vote to adopt the Australian ballot system for the election of water commissioners in the future.

Article 16. To see if the town will vote to buy the bonds for the bonded town officers. (By request).

Article 17. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.

Article 18. To choose all necessary town officers for the ensuing year and to elect one selectman for three years.

Given under our hands and seal this twenty-first day of February, 1925.

ARTHUR M. TWOMBLY,  
IRVILLE T. PROCTOR,  
HERBERT E. HAYES,  
Selectmen of Alton.

A true copy of warrant, attest:

ARTHUR M. TWOMBLY,  
IRVILLE T. PROCTOR,  
HERBERT E. HAYES,  
Selectmen of Alton.

Auditors.

## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Alton:

I herewith submit my annual report as superintendent of the Alton schools.

### STATISTICS

Total registration for the school year ending June 30, 1924, was 217; 112 boys; 105 girls. Grade I, 16; Grade II, 19; Grade III, 26; Grade IV, 29; Grade V, 20; Grade VI, 24; Grade VII, 13; Grade VIII, 21; Grade IX, 21; Grade X, 14; Grade XI, 7; Grade XII, 7.

Average membership was 197; average attendance, 183; per cent of attendance, 93. Not absent nor tardy, 8. High school tuition pupils, 10. Visits by school board members, 17; by the superintendent, 194; by citizens, 204. Approximately the same number of pupils as last year.

### TEACHERS

The elementary teachers are the same as last year with the addition of Mary B. Hawkshaw at the Walker school. There are three new teachers in the junior and senior high school with a much better organization for work than ever before. One more teacher for the upper grades and high school has been needed for a long time. We are glad to have been able to satisfy that need and make a thorough reorganization. All of the schools are going strong.

### BUILDINGS

It was found necessary to shingle the central building in the summer time. Also it seemed best to open the Walker school with some expense in getting that

building ready and furnish books and supplies. These two things have made quite an added expense that was not anticipated at the time of the district meeting. Also we had to remodel the Mountain building inside at considerable cost. However, every economy possible has been made in running the schools.

#### COMMENDATIONS

I commend the work of the health program which will be more effective than ever before, the work in music both in and out of school, the efforts in debating, dramatics, school paper, hot lunches, athletics, and what is being done along social lines. I commend the headmaster on the better organization of the school and the better school work in consequence. I call your attention to the report of the headmaster and to the financial report of the school board. Budget prints will be ready for distribution at the annual meeting.

I again state my appreciation of the thorough co-operation of everybody in the work of the public schools of Alton.

Respectfully submitted,

F. U. LANDMAN, Superintendent.

Alton, N. H., Feb. 5, 1925.

## HEADMASTER'S REPORT

---

To the Superintendent of Schools:

Education is never stationary; it is either progressing or slipping backwards, and therefore the citizens of Alton are entitled to see definite advancement accomplished in return for the money they expend on their public schools.

The most practical form of knowledge a young person can acquire is in the actual practicing of the things which later in life he will have to do as a citizen. To help develop this responsibility for the future, greater student activity has been fostered in such ways as student leadership of morning devotional exercises; student care of several of the school rooms; student direction of the marching and fire drills; student representation and participation in planning certain events and solving certain difficulties; and student management of outside activities such as athletics, debating, and orchestra.

Even in the class work of all departments much practical experience has been given: "Good Speech" clubs holding sway in English; the usual planning and serving of hot lunches by the domestic arts classes; the actual financing of a few school needs by the economics class; the doing of real farm jobs by the agricultural boys; the practicing of certain civic duties such as voting, in the history classes; besides many other activities.

These accomplishments are the result of the conscientious work of each and every teacher for the growth of Alton high school.

Without doubt the greatest step forward this present school year has been the addition of the biology course. Here lie the possibilities for developing a "Citizenship Course" which shall give to all the Alton boys and girls not desiring to specialize, the very best education for becoming good and intelligent citizens.

Before the year is over two more projects will have been included in our list. Very soon the high school day is to be lengthened twenty minutes and the time devoted to much needed drill on the fundamental subjects of arithmetic, spelling, grammar, and geography. This has accomplished wonders in many schools, and we feel confident it will greatly benefit our students.

The other undertaking will be that of physical education for all students. Started in a modest way last fall, it will be undertaken on a more elaborate scale as soon as the weather permits. Athletic teams are fine but they benefit only a few, while the crying need is for physical training for every student such as will induce deep breathing, correct poor postures, and promote better health.

If the agricultural course is to be brought to the best possible standard, more equipment will be necessary.

It is hoped more townspeople (whether parents or not) will visit the schools in the future to better appreciate the teachers' problems and their attempt to solve them, and to bring about a closer cooperation between the general public and the schools for the good of this community.

Respectfully submitted,

C. H. YOUNG, Headmaster.
